Are you responsible for...

Assessing skills, developing talent or increasing productivity in organisations?

Providing online learning solutions and/or coaching?

Looking for a Learning Management System that will integrate with your or your clients' existing systems?

Delivering E-Learning content?

If so, we have over 20 years of experience in supporting learning professionals like you.

We have been working together since 2006 in response to the shift within organisations from formal to informal training and classroom to e-learning solutions. We thrive on overcoming challenges and are motivated by using technology to develop people's potential.

LearningSolutions.tech is a division of LMS-Global UK Ltd, a quality-managed IT provider for workplace learning and development.

About Us

LearningSolutions.tech draws on over 20 years' experience in providing IT solutions to HR managers and L&D professionals. We are a diverse team of talented individuals with different specialisms:

- LS** James is our Director and Team Leader. He is also the main point of contact for clients when setting up their projects.
- LS** Dev is our Systems Specialist. He manages all the projects and heads a team of developers, testers and designers in India.
- LS** Ed is our Marketing Director and handles client feedback.
- LS** Herminia is in charge of Customer Relations and interfaces with clients post-sales.
- LS** Suhas, in our US office, leads the IT Integration team.
- LS** Mr. Integrator is our behind-the-scenes automation expert who handles all the stuff we humans can't do!

Products & Services

We have developed a suite of ready-made products that are completely customisable and we pride ourselves on providing swift, affordable and creative solutions:

Tracking Training Benefits: an evaluation service that offers training providers and HR managers three-stage reporting with measured results.

People Evaluator: a 360° feedback reporting system that provides detailed analytics of employee performance and behavioural competencies.

Business LMS: a fully customisable Learning Management System. B-LMS can harness the power of Moodle to deliver e-Learning courses in a cost effective and efficient manner.

Animated Scenarios: creates simple, viewable scenarios that can match (in detail) the specific issues that organisations encounter.

Company Culture Plus: a media channel that promotes and supports positive cultural changes in the work environment.
